Summer research fellowships announced by grad school

Thirty-seven students in the Schools of Medicine, Dentistry and Optometry have been awarded research fellowships for the summer of 1982, Dean Kenneth J. Roozen (Graduate School) announced this week.

Funded primarily by a grant to Prof. Charles Alford (Pediatrics) and Roozen from the National Institutes of Health, the summer fellowship program is designed to attract highly qualified professional students to careers in academic medicine and research. UAB has received continuous support for this program since federal funds were first received in 1980, and more than 50 students have participated in the program to date.

The summer fellowship program provides medical, dental and optometry students with short-term research experiences in the laboratories of some of UAB's most highly regarded faculty researchers. Students gain hands-on laboratory experience and participate in research group activities that expose them to a variety of disciplines and role models.

Students participating in the program will present papers summarizing their research during the Annual Medical/Dental Student Research Day to be held in late September and/or another appropriate forum, Roozen said.

Student fellowships for the summer of 1982 are listed below (with faculty preceptors in parentheses).

School of Medicine: Valerie Boardman (Asst. Prof. Steven Cohen-Cole and Prof. G. Gayle Stephens); Scott Burns (Prof. J. Michael Wyss); Virginia Campbell (Asst. Prof. Dennis Pillon); Greg Chapman (Prof. Thomas G. Pretlow); Alice Chenuault (Prof. Jerry R. McGee); Jerry H. Crump (Prof. Jerry G. Spenny); Robert Fisher (Prof. Robert G. Luke); William Gay (Prof. Kenneth M. Pruitt); Pat Hale (Prof. Jacob Lebowitz); Joe Kilpatrick (Visiting Assoc. Prof. Igor Kisin); Ronald Macbeth (Asst. Prof. Steven Cohen-Cole and Prof. G. Gayle Stephens); Mari McGoff (Asst. Prof. Joseph B. Philips and Prof. George E. Cassady); Freddy McMurry (Asst. Prof. Edward E. Bartlett); Greg Merjanian (Asst. Prof. Steven Cohen-Cole and Prof. G. Gayle Stephens); David Miller (Meyer E. Dworsky and Assoc. Prof. Sergio Stango); Patricia Kendrick Miller (Asst. Prof. Steven Cohen-Cole and Prof. G. Gayle Stephens); James Newton (Prof. James A. Schafers); Danny Oakes (Research Assoc. J. Patrick Daugherty); Susan Hayes Gautney (Asst. Prof. Continued on page 2

Fourth of July Holiday

Since July 4 falls on Sunday this year, Monday, July 5, 1982, will be recognized as an official holiday according to university policy. Although most campus operations will be suspended on this day, essential services, such as The University of Alabama Hospitals, some clinical facilities, and UAB police among others, will continue. In The University of Alabama Hospitals and those departments requiring essential services, managers are required to provide adequate staffing. Therefore, it is essential to notify employees in advance of the work schedule to cover the holiday.

All full-time hourly and monthly paid employees are eligible for holiday benefits. Regular part-time employees are eligible for one-half day holiday benefits for each holiday. Under university policy, eligible hourly paid employees who are required to work on a designated holiday will be paid double time (their normal straight time rate of work plus straight time for the holiday) for no more than eight hours for full-time employees and four hours for part-time regular employees. Employees working on designated holidays may take another day off without pay with the approval of their appropriate supervisor or department head.

For clarification of the holiday policy, please contact the Office of Personnel Administration.
Fatalism may aid fund slashing Birth Defects conference told

Health professionals, with their attitude of fatalism, may be aiding and abetting the slashing of funds for health-care programs.

A speaker at a national birth defects conference June 13-16 took his colleagues to task for staying in their laboratories when they should be out fighting for programs that improve the health of newborns and pregnant women.

“Our strength is based on a very American idea — the right of an infant to be well-born,” David E. Gagnon, president of the National Perinatal Association, told his audience at the March of Dimes Birth Defects Conference, co-sponsored by UAB.

Gagnon cited the Genetic Disease Act and the Women, Infants and Children (WIC) program as examples of programs that have helped narrow the mortality rate gap between blacks and whites and made genetic services available to the poor.

Justification for cutbacks in such programs are based on “myths and half-truths” about their effectiveness, he said. They have not been the costly failures their critics allege, but rather have had “a profound impact from the investment of a small amount of money.”

He attacked the “new federalism” idea that the states can handle these services better than the federal government. “Some initiatives would never have come about if not for the federal government,” he said.

“Within the past one-and-a-half years we have seen the death of the Genetic Disease Act, which we all fought dearly for. Why? Because it lacked a constituency — those who had been helped.

Summer research fellowships announced

Continued from page 1

Steven Cohen-Cole and Prof. G. Gayle Stephens; Clay C. Rowe (Prof. W. N. Tauxe); Tommy Simpson (Research Assoc. J. Patrick Daugherty and Prof. Herbert Cheung); Nathan Smith (Assoc. Prof. Jere P. Segrest and Asst. Prof. Rodney C. P. Go); Donald Stewart (Prof. Constance S. Pittman); Jack Taylor (Assoc. Prof. Jere P. Segrest).

School of Dentistry: Martin Kirby Bodden (Assoc. Prof. Heming Birkdal-Hansen); John Carr (Asst. Prof. Luis Aponte-Mercado); Huong Lan Duong (Prof. William T. Butler); J. Donald Gross (Prof. D. H. Retief); William Ludden (Prof. Jiri Mestecky); Tommy Moore (Visiting Assoc. Prof. Ivo Kissin); James Nicholson (Prof. Jack E. Lemons and Instr. William Lacerfield Jr.); Malinda Nix (Prof. Kenneth M. Pruitt and Britta Rahemtulla); Michael Robinson (Assoc. Prof. Heming Birkdal-Hansen); Allison Toney (Asst. Prof. Page W. Caufield).

School of Optometry: Wendy Marsh (Assoc. Prof. Tom Norton); Robert Sandlin (Asst. Prof. Richard Boden); Michael Tyler (Asst. Prof. David Corliss).

by it.” If those beneficiaries had been rallied behind it, it might not have died, he said.

Money was much on the minds of participants in the conference’s final-day symposium on delivery of birth defects services.

Dr. Neil Holtzman of Johns Hopkins University School of Medicine warned against overselling the benefits of newborn screening for such disorders as PKU and hypothyroidism.

He said some studies suggest infant hypothyroidism is being overdiagnosed and many infants are being treated unnecessarily. This is coming to light at the same time that newborn screening as a public health entitlement is being eroded.

Holtzman said a major pitfall in newborn screening is the occurrence of false positives. A survey of parents who initially had been given false positives found that one-third of them continued, as a result, to have doubts about their children’s health.

He said screening should not take the place of clinical methods for recognizing these disorders. “It should be evident that the role of the clinician is very important. Screening will not replace astute clinical observation.”

Holtzman said problems with screening, it still can be shown that it is cost effective to some degree, based on comparison with the costs of caring for a retarded or disabled person whose disorder wasn’t caught and treated in infancy.

“Finances compel us to justify screening,” he said. “There is a danger of overselling the benefit, not only to legislators but also to ourselves. We must not become complacent to the problems.”

Another symposium speaker was Dr. Mitchell S. Golbus of the University of California, San Francisco, one of the team of physicians who made medical history last year by operating successfully on a fetus in the womb.

The newborn surgery operation involved placing a catheter in the fetus to drain its bladder, which was filling up with fluids because of a blockage in the urinary tract, a potentially fatal situation.

Golbus said in utero surgery may turn out to have only limited usefulness. “People need not rush in with knives and catheters on poor, helpless fetuses until we know more about what we’re doing,” he said.

On the other hand, he added, nonsurgical kinds of in utero therapy may become widely practiced. “We could certainly start thyroid therapy in utero. Certainly, the concept will grow in time.

Some 500 experts in medical genetics attended the three days of conference sessions. This was the first time for Birmingham to host the conference. Directors Wayne Finley and Sara Finley (Medical Genetics Laboratory), and Chairman Charles Flowers (OB/GYN), were involved in bringing the meeting here.

Steve Smith

WE ARE THE CHAMPIONS — President S. Richardson Hill Jr. presented the President’s Trophy for the most outstanding overall intramural athletic program to Tau Kappa Epsilon fraternity. It marked the first time a fraternity had won the coveted annual award. On hand for the formal presentation June 22 in the lobby of Mortimer Jordan Hall were, from left, Hill, Intramural Coordinator Lynn Pitman, Tau Kappa Epsilon members Bobby Lay and Jack Jolly, Director Michael Raczkowski (Student Organizations & Activities), and Asst. Dean Jesse C. Sawyer (Student Life). (Photo by UAB Photography)

Tau Kappa Epsilon receives intramurals President’s Trophy

The Pi Delta chapter of Tau Kappa Epsilon fraternity last week was awarded the President’s Trophy for Intramural Sports.

President S. Richardson Hill Jr. awarded the trophy to fraternity President Jack Jolly and athletic chairman Bobby Lay.

Intramural Coordinator J. Lynn Workshop participants spanned community

Published weekly by the University of Alabama in Birmingham. Distributed free to faculty members and employees. Offices are located at 2110 Fifth Ave., S., Birmingham, AL 35294. Telephone: 934-2040.

Equal Opportunity in Education and Employment
People: who, what, when

Faculty activities

Prof. Ronald T. Acton (Microbiology), presentation at the monthly meeting, "An Exercise Program for the Diabetic," Juvenile Diabetes Foundation, Alabama Chapter, in Birmingham, Dec. 10... presented "HLA and Disease," monthly meeting of the Birmingham Academy of Medicine, in Birmingham, April 21.

Clinical Prof. Julius N. Hicks (Surgery), presented a paper on "Diagnosis and Conservative Management of Chondrosarcoma of the Larynx," at the meeting of the American Laryngological Society, Palm Beach, Fla., May 1.

Assoc. Prof. A. Scott Wheeler (Anesthesiology), presentation on "Anesthesia for the Pregnant Cardiac Patient," sixth annual meeting of the American Academy of Anesthesia Associates, co-sponsored by the Emory University Department of Anesthesiology and the American Academy, Buford, Ga., May 6... presented two papers as visiting professor, "Anesthesia and Uterine Blood Flow"; "Anesthesia for Surgery During Pregnancy," Department of Anesthesiology at the Baylor College of Medicine in Houston.

Burttram listed as outstanding

Instr. Joan Ellen Burttram (Nursing), has been named an Outstanding Young Woman of America for 1981, an honor which recognizes young women throughout the United States for professional achievement and community service.

Burttram received a master of science in nursing degree in 1979 and a bachelor of science in nursing degree in 1976, both from the School of Nursing. She began duties as an instructor of nursing in 1979. Her specialty area of nursing is maternal-child health.

A 1972 graduate of Asheville High School in S. Clair County, Burttram has received numerous awards, including the Outstanding Senior Student in her baccalaureate class in 1976, Excellence in Graduate Nursing Research in 1978 and inclusion in Who's Who Among Students at American Colleges and Universities, 1979-80 edition.

Joan Ellen Burttram

She is a member of the American Nurses' Association, the Alabama Academy of Science and Sigma Theta Tau, national nursing honor society. She is current president of the UAB chapter of Sigma Theta Tau.

Burttram also is a member of other honor societies, including Omicron Delta Kappa and Phi Kappa Phi.

McLeod heads NAA chapter

Assoc. Prof. Thomas E. McLeod (Accounting), has been elected president of the South Birmingham Chapter of the National Association of Accountants (NAA). McLeod had taught accounting and auditing at UAB for more than 24 years.

The South Birmingham Chapter, with nearly 355 members, is one of the largest among the more than 300 NAA chapters in the country, although it was founded only 10 years ago.

A member of the NAA since the late 1950s, McLeod had held a variety of offices in the South Birmingham chapter leading to the one-year term as president.

He has published frequently in scholarly journals, and is an expert in accounting and auditing procedures for not-for-profit organizations. He has been a member of the supervisory committee for the University Credit Union, and is serving a second year as chairman of the credit union's Board of Directors.

Dimick gets alumni award

Assoc. Prof. Alan R. Dimick (Surgery), received Birmingham-Southern College's Distinguished Alumni Award during ceremonies held on the hilltop campus May 22.

A member of the BSC Class of '53, Dimick received his M.D. degree from the Medical College of Alabama in 1958.

He completed his internship at University Hospitals in 1959-60 and his residency in general surgery here from 1962-63.

In addition to his academic appointment as associate professor of surgery in the School of Medicine, Dimick serves as director of the burn service for the University Hospitals and medical director for emergency medical training programs at the School of Community and Allied Health (SACH).

He also is director of emergency medical programs at UAB and a clinical professor at the School of Nursing.

Dimick has served since 1971 as physician advisor to the Birmingham Fire and Rescue Service Department, and since 1975 as medical director of the state's EMS program for the Department of Public Health, Division of Emergency Medical Services.

Dimick is the recipient of numerous honors and awards, and the author of a large number of published scholarly articles.

Obituaries

Louise E. Douglass, director, (Office of Student Records in the School of Medicine), on June 3.

Research Asst. William C. Cothran (Institute of Dental Research), on June 11.

James A. Kunz, food service supervisor (Dietetics Department), on June 16.
Campus Daybook

Campus Daybook welcomes notices of events sponsored by the University. Items should be typewritten or printed, if possible, and reach the Daybook editor at the UAB Report office, 2110 5th Ave. S., by Friday, a week before publication. The deadline is noon on Tuesday. To phone in items, call extension 2040.

Friday, July 2
Neurology Grand Rounds. Lyons-Harrison Research Building, Walker Conference Room, room 112, 8 a.m.
University Hospitals Guest Relations kick-off meeting. Margaret Cameron Spain Auditorium, 9 a.m.
Dr. Friedman's Conference. University Hospitals, twelfth floor, 12 noon.
VA Medicine Conference. Veterans Administration Hospital, fifth floor auditorium, 12 noon.
Band Concert. 313th Army Band; Amphitheatre (between Sterne Library and UAB Building 1), 12 noon.
Renal Biopsy-Histology Conference. Zeigler Research Building, room 644, Frommeyer Conference Room, 2 p.m.
UAB Movie. Betty Boop Scandals; Cudworth Hall auditorium, 7 & 9:30 p.m.
Saturday, July 3
UAB Movie. Sextoons; Cudworth Hall auditorium, 7 & 9:30 p.m.
Sunday, July 4
Independence Day.
Lister Hill Library Closed. (July 4 and 5.)
Monday, July 5
Holiday.
New Employees Orientation. See Tuesday, July 6 for time and place.
Nephrology Research Conference. Canceled.
Nephrology Professor Rounds. Canceled.
Chief Medical Resident's Conference. Canceled.
Cultural Affairs/Dance/Modern Dance. UAB Danscape; Bell Theater, 8 p.m. (July 5-10).
Tuesday, July 6
New Employees Orientation. Margaret Cameron Spain Auditorium, 8 a.m.
End-Stage Renal Disease Conference. 730 Zeigler Research Building, Surgery Conference Room, seventh floor, 12 noon.
Tumor Conference. Tumor Institute, room 226, 12 noon.
Emergency Medicine Lecture Series. "Respiratory Failure," presented by: Prof. Dick D. Briggs Jr. (Medicine); Margaret Cameron Spain Auditorium, 12 noon.
Medical Care of Christian Fellowship Monthly Luncheon. "Cults," speaker: Carl Carter, former religious editor, The Birmingham News; Veterans Administration Hospital, 2N-33, 12 noon. For further information call Andrew Spear, extension 4538. Open.
Cardiovascular/Medical/Surgical/Radiologic Conference. Lyons-Harrison Research Building, Reeves Conference Room, room 302, 4 p.m.
Anesthesiology Research Seminar. Canceled until the fall.
Vulcan Chapter - PSI, Professional Secretaries International. Board meeting. Mortimer Jordan Hall, President's Conference Room, 5:30 p.m.

Wednesday, July 7
Department of Biochemistry Seminar. "Structure, Energetics and Dynamics of Lysine Vasopressin," presented by: Dr. Judith C. Hempel, Department of Medicinal Chemistry, Smith, Kline & French, Philadelphia; Volker Hall, Lecture Room D, 4 p.m.
Clinical Neuropathology Conference. Lyons-Harrison Research Building, Walker Conference Room, room 112, 8 a.m.
PEDIATRIC NEUROLOGY-NEUROSURGERY CONFERENCE. Lyons-Harrison Research Building, Walker Conference Room, room 112, 9 a.m.
PEDIATRIC NEUROLOGY-NEUROSURGERY CONFERENCE. Lyons-Harrison Research Building, Walker Conference Room, room 112, 9 a.m.
Nephrology Professor Rounds/Teaching Rounds. Zeigler Research Building, Frommeyer Conference Room, 10:30 a.m.

Thursday, July 7
Medical Grand Rounds. Canceled until July 22.
Endocrinology Metabolic Conference. Diabetes Hospital, seventh floor, 12 noon.
Emergency Medicine Lecture Series. "Mechanical Ventilation," presented by: Asst. Prof. William E. Goetter (Medicine); Margaret Cameron Spain Auditorium, 12 noon.
GI Grand Rounds. Lyons-Harrison Research Building, Walker Conference Room, room 112, 2:30 p.m.
UAB Pain Center Lecture Series. Canceled until fall.
Renal Radiology Conference. 620 Medical Education Building, 4 p.m.
Anesthesiology Clinical Conference. "Perioperative Myocardial Infarctions," presented by: Prof. Simon Gelman and Resident Matthew Burks (Anesthesiology); Kracke Clinical Services Building, fifth floor conference room, 4 p.m.
Cultural Affairs/Theater. Lysistrata; Hulsey Center, 8 p.m. (July 8-10).
Rheumatology Grand Rounds. Canceled.
Birmingham Fencers Club. Engel Day Treatment Center, fourth floor gymnasia, 4:30 p.m. For further information call extension 5216.
Stop Smoking Classes for persons who want to learn about stop smoking techniques. Conducting sessions: Asst. Prof. Edward E. Bartlett (Family Practice); Family Practice Center, 6:30-8:30 p.m. Refreshments. For more information call extension 7540.
UAB Movie. WR. Mysteries of the Organism; Cudworth Hall auditorium, 8 p.m.

Exhibits
Egyptian Art Collection. Painting and sculpture. Gallery hours: Monday - Friday, 12 noon - 6 p.m. and by appointment. Through July 16.
University Hospitals Art Gallery. Second floor. Artist: Karen Jacobs (mixed media (primarily silk screen)). Gallery hours: Monday - Friday, 8 a.m. - 8 p.m. Through July.

Coming Events
Atari Computer Enthusiasts. Community Health Services Building, room 121, 7 p.m., July 12. For information call Dr. Tom Nielsen, VA 122, extension 6934 or 933-8101.
Center for Aging Alzheimer Society Meeting. "Further Ideas on Coping with Stress," speaker: Assoc. Director Glenn H. Hughes (Center for Aging); Community Health Services Building, second floor, Conference Room, 6:30-8:30 p.m., July 13. For information call Bets Murray, extension 2178.
Citation Review Board Meeting. Campbell Hall, room 108, 5 p.m., July 14. Parking in lot 5. No permit needed for Review Board members.
Workshop - School of Nursing Continuing Education Service. "Pharmacology Update." Conference Center, 8 a.m. - 4:30 p.m., July 14. $20 for professional nurses; $15 for nursing students.
Faculty Senate Meeting. UAB Building 1, room 144, 1:30 p.m., July 14.
Optometry Residency Conference. "Introduction to Residency Program." 8:15 - 9:15 a.m.; "Diagnosis and...
Management of Common External Eye Disease,” presented by: Assoc. Prof. John F. Amos (Optometry); School of Optometry Building, Clinic C, 9:15 a.m. - 12 noon, July 21.

UAB Office Procedural Training Class for New Clerical Staff. New General Services Building, Conference Room 108, 8:30 a.m. - 12:30 p.m. July 21 and Nov. 17. For information call Dot Green, extension 4701.

Educational Assistance Program Summer Term and Summer "B" Session Deadline, July 29.

Annual UAB Employees’ Art Show. University Hospitals Gallery, Aug. 2 - Sept. 7. For more information call Marjorie Sides, extension 4270 or Judy Bridges, 879-0365.

Job Vacancies

June 29, 1982

Additional information about the availability of the jobs listed in this column may be obtained at the Employment Office, room 217, Bishop Building, or by calling 934-5246.

Title | Preferred Qualifications | Base Salary
--- | --- | ---
Secretary | 2-3 yrs. exp., 60 wpm | $ 4.10
Sr. Lab. Tech. | BS biology, electronic exp. or exp., in the purification of lymphocytes or immunology | 5.18
Dental Lab. Tech. II | 8-10 yrs. exp. in the fabrication of dental appliances, school trained | 5.61
Electron Microscopy Technician | 3-5 yrs. exp. in both scanning and transmission EM | 13.52
Research Ass., Lab. | BS or MS in microbiology | 11.17
Laboratory Technician | BS in science and training in Chromatography and Electrotophresis | 4.61
Associate Director of Financial Aid | Masters degree and 3-5 yrs. experience in financial aid administration required. | 15.51
Medical Records Technician, Sr. | Accredited record technician | 4.61
Research Assistant I | BS in chemistry, biochemistry or microbiology, biochemistry experience or tissue culture exp. preferred. | 11.17
Research Assistant II | BS in Immunology, Biology or Chemistry. Laboratory experience preferred. | 11.17
Senior Secretary | 65 wpm, 3-5 years experience medical terminology essential. | 4.43
Laboratory Technician (P.T.) | BS science, tissue culture, and wet bench chemistry exp., to work with animals. | 4.79
Research Asst. II | MS in physiology | 14.96
Programmer Analyst II | BS in business or math, 1/2 yrs. exp. in programming, 3 yrs. exp. with data processing | 17.56
Laboratory Technician | BS in microbiology or microscopy, tissue culture, electrophoresis and virology exp. preferred. | 4.79
Word Processing Specialist | Exp. in the management and technical support of a Xerox 860. Detailed knowledge of word processing operations. 60 wpm. | 14.34
Assistant Dean | PhD preferred or MS working on PhD and with equivalent exp. Two yrs. exp. in coordinating conferences & development programs and some budget exp. nec. | 22.64
Refrigeration/Air Conditioning Technician | HS Grad. or GED required. Vocational or technical school preferred. | 22.64
Development Officer | BS degree & a minimum of 3 yrs. institutional development or directly related exp. required. | 7.18
Nutritional Training Specialist | BS in dietetics, registered dietitian or eligible for registration with American Dietetics Association | 23.45
Research Technician | BS in microbiology, experience in DNA isolation and electrophoresis helpful. | 16.55
Laboratory Technician | BS in microbiology, experience in DNA isolation and electrophoresis helpful. | 4.26

Director of Switchboard | College degree preferred. Supervisor experience required. Knowledge of medical terminology helpful. Must understand financial budgets. | 12,850
Marketing Research Assistant | Prefer Masters degree in Market Research or Masters in Business Administration with background in Quantitative Methods & Statistics and familiarity with computer programming Extremely helpful. | 16,990
Drug Abuse Counselor | BS in biology, experience in tissue culture and hybridoma research. Experienced in drug abuse treatment preferred. | 13,315
Research Assistant I | Masters degree in Social Work or Psychology required. Experience in drug abuse treatment recommended. | 11,840
Electron Microscopy Technician | Experience in scanning and transmission electron microscopy. | 14,060
Sr. Laboratory Technician | BS in biology with experience in biochemistry laboratory, willing to work odd hours, retrieve tissue from slaughter houses. | 5.18
Research Associate | B.S. in analytical chemistry, 2-3 years experience in chromatography, especially HPLC. | 11,840
Dental Assistant I | Trained in four-handled dentistry. | 3.64
Dental Assistant I | Ph.D. in biochemistry, cell biology or anatomy with experience in tissue culture. | 5.18
Graduate Student Records Assistant | 65 wpm. Experience working with students and faculty preferred. CRT experience helpful. | 4.26
Maintenance Supervisor, Central Utilities | H.S. grad. or GED required. Completion of vocational or technical school preferred. Must have 5 years experience in maintenance, installation and renovation of heating and air conditioning systems. | 17,560
Office Assistant | Prefer college degree in accounting or experience in accounting at a college or university. | 14,350

SBS
Chairperson: M. Tanju

Chairpersons: G. Reinhart

Trawick asked that all Chairpersons have a committee meeting, review Role and Scope of committees, and changes to be made, to introduce these changes to the Faculty Senate at the next meeting.

Old Business:
Graham began by indicating that he had been in touch with Dr. Hewitt on the matter of the retirement bills before the State Legislature during a special session this month. Hewitt indicated that he knew the problems with the bills but that the Senate, by the fact of the session, had dealt with his problems. Graham also met with Dr. Hewitt on recommendations recently sent to his office from the Senate. Hewitt is sympathetic with the idea of faculty review of the Senate, especially as a way to discuss the Senate's future. He also favors Senate having a role in establishing procedures for review of other administrators, though he wishes these reviews to be conducted by individual units (departments, etc.).

On the recommendation about summer teaching, Dr. Hewitt will notify Deans of our desire to see full-time faculty get first crack at regular summer teaching if they wish. Dr. Hewitt discussed, briefly, the prospect of raising for faculty

Alabama's Bergquist returns for Summerfest

Metropolitan Opera soprano Eleanor Bergquist will return to her native state to join other Alabama artists in the Birmingham Summerfest '82 season opener "Show Boat" July 7-11 at Boutwell Auditorium. Howard Hensel of the New York City Opera and Stephen de Gheelder, a Broadway choreographer and actor, are featured guests.

Bergquist will sing the role of Magnolia, the daughter of the postbellum floating theater's owners, in the Rodgers and Hammerstein classic; Hensel is cast as Ravanal, the handsome river gambler she marries. The role of Frank, a member of the theater's cast who later becomes a vaudeville performer, is played by de Gheelder; and Birmingham dancer Diane Hedrick is cast as Ellie, Frank's wife and vaudeville partner.

From the Miss Alabama Angie Grooms Proctor and former Auburn University all-conference running back Terry Henley will make their theater debuts in "Show Boat." Proctor is Julie, the leading lady of the show boat company. She is happily married to Steve, the leading man, played by Henley. The steamer's owners, Cap'n Andy and his wife, Parthy, are played by Town and Gowers Russell S. Drummond and Bobbi Weavers.

Marva Douglas, who recently appeared as Zelda in Town and Gown New Theater's production of "Ceremonies in Dark Old Men," is cast as Queenie, the show boat cook and housekeeper.

Curtains will be at 7:30 p.m., Wednesdays through Saturdays, with 2:30 matinees on Sundays.

University Notices

The University Notices section is an exchange service available without charge only to UAB personnel. Commercial advertisements, events, sales, and offerings by and for off-campus persons and organizations cannot be included. Deadline is 12 noon on Tuesday, the week of publication. Notices will be run one week on a space available basis and must be accompanied by a university department and telephone extension. Notices are accepted on the premise that items are equally available to any interested person.
